Template Instructions:

- **Pink (Safe) Area:** All text, important images, logos and barcode should remain inside the pink areas.
- **Blue (Bleed) Area:** All backgrounds should extend throughout the blue and pink areas. If a white background is desired, create a white box that covers the entire bleed area.
- **White (Template) Area:** No artwork should extend into the white areas that contain the black trim and fold marks and template info. **Please leave all elements outside of the pink and blue areas unaltered.**
- **Barcode Placement:** The provided barcode may be moved to any location within the pink area of the back cover.
- **Document Size:** The overall document size for this template is shown in the lower left corner. The final cover PDF submitted must match this size.

Pink and blue boxes must be completely covered when cover is submitted.
